CHRIST'S HOSPITAL OF ABINGDON
REPORT OF THE GOVERNORS
FOR THE YEAR ENDED 31 DECEMBER 2020

The Governors present their annual report and financial statements of the Charity for the year ended 31 December 2020. The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the accounts and comply with the Charity's trust deed, the Charities Act 2011 and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland published on 16 July 2014.

STATUS ADMINISTRATION AND CONSTITUTION

The Ancient Corporation of the Master and Governors of the Hospital of Christ of Abingdon ("Ancient Corporation") was created by Letters Patent of King Edward VI in 1553. Christ's Hospital of Abingdon is now a Registered Charity regulated by a Scheme sealed by the Charity Commissioners for England and Wales on 25 January 1971.

The charity number, present Governors and advisors are listed on page 1 & 2. All Governors, both Co-optative and Nominative, are invited to nominate candidates to fill a vacancy for a Co-optative Governor and are asked to provide a resume of their nominee's career and other interests. Further soundings are undertaken, and an opportunity created for Governors to meet the preferred candidate(s) before their name is put forward formally to a special meeting for election. Nominative Governors are appointed by Abingdon-on-Thames Town Council whilst the Mayor of Abingdon-on-Thames and the incumbent of the United Benefice of Abingdon with Shippon hold office as Governors *ex officio*.

Governors holding office during the period were as shown page 1.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Christ's Hospital is a Registered Charity regulated by a Scheme sealed by the Charity Commissioners for England and Wales on 25 January 1971 and subsequent Orders of 1999 and 2002. The Governors perform their obligations under the Schemes for the constituent charities by applying the income of the Charity to provide charitable support to residents of the town of Abingdon in Oxfordshire and such part of the ancient parishes of St Helen, St Helen Without and St Nicolas, Abingdon as do not fall within the boundaries of the town. The Governors are able to extend the area of benefit to the immediate surroundings of Abingdon in certain circumstances.

Prospective Co-optative Governors are requested to meet with the Master then submit a resume of their career and interests for consideration by members of the Ancient Corporation. Suitable applicants are invited to proceed to appointment, if members of the Ancient Corporation are unanimous. All newly appointed Governors are provided with a copy of the Scheme dated 25th January 1971 and subsequent Orders, a copy of the Annual Report and Financial Statements for the last financial year, the Charity Commission book (or email link) "The Essential Trustee" and a copy of the Almshouse Association book "Standards of Almshouse Management". They also have a briefing meeting with the Master or the Clerk. Governors are encouraged to attend the various seminars organised by the Almshouse Association.

Much of the day to day work of the Governors is carried out by the Governors-in-Charge, supported by the Clerk, Finance & Admin Assistant, Almshouse Administrator and Park Keeper. Governors-in-Charge during the year were as follows:

Mr T R Ayling	- Park & Gardens
Mrs G Butt	- Almshouse Residents
Lt Col A F M Douglas	- Almshouse Property
Mr S J McConnell	- Estates
Mr M W Matthews	- Grants & Archives
Mr K W Senior	- Finance

CHRIST'S HOSPITAL OF ABINGDON
REPORT OF THE GOVERNORS (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2020

Governors delegate day to day responsibility for various aspects of the Charity's affairs to:

<i>The Clerk</i>	who manages the staff and almshouse property portfolio, maintains the Charity's accounting and other records and carries on the administration of the Charity so as to comply with applicable laws and regulations.
<i>The Investment Managers</i>	who manage the portfolios held by the Charity under a discretionary management mandate.
<i>The Property Managing Agents</i> Charity.	who manage the investment property held by the
<i>The Chartered Surveyors</i> almshouse	who advise on the structural integrity of the Charity's property to ensure a suitable standard is maintained.

Scheme of Governance

Governors meet on the first Thursday of each month throughout the year to enable them to discharge their responsibilities. At these meetings, Governors receive reports from the Governors-in-Charge on their activities in the previous month which confirm, or recommend for discussion, actions to be taken in both the short and longer term. These written and verbal reports provide each Governor with the information necessary to discharge their duties.

The Governors retain responsibility for all key decisions, including approval of:

- The strategy and policies adopted by the Charity to achieve its charitable objectives.
- The annual budget.
- Major capital expenditure, including property acquisition and refurbishment.
- The annual financial statements.
- The appointment of residents to vacant almshouses.
- Grant applications.

A framework of authorities is in place, which maps out the structure of delegation as well as specifying those issues which remain the preserve of the Governors. This framework emphasizes the key role of specific Governor responsibility in the exercise of executive control, subject to reporting and ratification by the Governors, as described above. The relevant individuals are identified earlier in this report.

- The Finance Governor monitors and reviews the Charity's financial and internal control as well as its investments.
- The Grants Governor receives, considers and evaluates applications for charitable assistance, according to the provisions of the Scheme.
- The Almshouse Property Governor oversees the management of both almshouses and health and safety matters relating to the almshouses and workplaces.
- The Almshouse Residents' Governor looks after the best interests of the residents and takes the lead role in the appointment of new residents.
- The Park and Gardens Governor oversees the management of Albert Park and the almshouse gardens.
- The Estates (Property) Governor oversees the management of investment properties to ensure rental and maintenance matters are dealt with in line with the Scheme.
- The Archives Governor is responsible for the recording and safe-keeping of material for the archives of the Charity, working with the Archivist.

CHRIST'S HOSPITAL OF ABINGDON
REPORT OF THE GOVERNORS (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2020

Related Parties and Conflicts of Interest

Various Governors are involved either as trustees or in the management of a number of voluntary organisations in Abingdon, including The Albert Memorial Trust (Registered Charity No 1076274), The Abingdon Bridge (Registered Charity No 1160080) and Abingdon Carousel (Registered Charity No 1177322).

Various Governors are also involved either as trustees or in the management of schools in Abingdon who are free to apply for educational assistance for pupils in need, several Governors are involved with Abingdon School (Registered Charity No. 1071298) and one Governor with The Manor Preparatory School.

One Governor is the Team Rector of Abingdon and Vicar of St Helen's Church, Abingdon. The Church may encounter those seeking almshouse accommodation or financial assistance under the Relief in Need part of the Charity's Scheme.

The Charity is also a member of the Almshouse Association to whom an annual subscription is paid and a small grant (less than £50) is made.

The Governors have adopted a comprehensive policy to identify all transactions with related parties or other transactions which might involve any conflict of interest. These are detailed in Note 13.

Remuneration

Our approach to remuneration is designed to ensure we can attract and retain the talented and motivated people we need to achieve our mission and deliver our strategic goals. It is applied consistently across the organisation. We aim to pay competitively in the not-for-profit sector within the context of affordability. We therefore take into account factors such as salaries paid in comparable organisations.

No remuneration was paid either directly or indirectly to any Governor or connected person during the period under review. Reimbursement of expenses occurs infrequently and then only when Governors are acting on Christ's Hospital or Almshouse Association business and only on production of a valid receipt and the completion of a reimbursement form.

Insurance

The Governors maintain indemnity insurance of up to £1 million. The annual premium charged in these financial statements was £868 (2019: £868). The Governors fully recognise that this does not relieve them of their responsibilities.

Risk Management Statement

The Governors have assessed the major strategic, business and operational risks which they believe the Charity faces. The external risks and exposure thereto are kept under constant review, together with the internal aspects of health and safety.

A risk management register is maintained and is reviewed annually to ensure risks are properly managed by the Charity. The major risks and preventative measures in place are as follows:

Falling investment income

The investment managers, Investec Wealth and Management Ltd, manage the Charity's portfolio within agreed parameters (medium/high risk) which are monitored at least quarterly, and all Governors are provided with summaries of those reports. A representative of the investment company presents a formal annual report and discussion of the portfolio at one of the Governors' meetings, usually March. The investment company ensure that the Charity invests in 'defensive' stocks which remain mostly unaffected by economic variations.

CHRIST'S HOSPITAL OF ABINGDON
REPORT OF THE GOVERNORS (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2020

Reduction in Commercial & Residential rental income due to voids

Adkin are a specialist property management company who manage the Charity's property and land and report monthly to the Governors, making recommendations as to the best way to maximise the return on the Charity's portfolio, whilst remaining within the remit of the Scheme.

Damage to Property, i.e Fire.

The Governors seek professional advice on the risks associated with Almshouses and other property and install and monitor safety equipment and measures on a regular basis. In April 2015, a major Fire Safety inspection took place and as a result of this upgrades were made to fire equipment and policies. In September 2019, the local Fire Officer also visited and was satisfied by the systems in place and the supporting paperwork.

Information Damage i.e Fraud, cyber crime

Again, the Governors have taken advice on prevention of information theft and regularly review the Charity's Fraud policy to reflect the ever-advancing ability of 'fraudsters' to gain access to sensitive information. It is planned to replace some older computer equipment shortly to ensure the latest best practice for back-up and protection of information is adhered to.

Disease Transmission - Global pandemic

The Covid 19 virus has affected almost every part of life concerned with the Charity. The health of the almshouse residents has been upper most and this has been managed by the implementation of Covid secure processes. The Finances have of course been affected as with many other people and organisations. The income from investments has dropped as many companies have seen their own income streams diminish, but this has been mitigated as far as possible by the investment management company who have invested heavily in the 'pharma' industry which is booming. The collection of commercial rent has also been challenging as many commercial tenants have experienced a dip in income. The law has prevented court action against tenants until 30th June 2021, but a reasonable approach including negotiation will be the basis on which outstanding rents will be collected.

Public Benefit

In following the Charity's aims and objectives, Trustees have had regard to the Charity Commission's guidance in complying with their duty in section 17(5) of the Charities Act 2011 on public benefit. The provision of almshouse accommodation for those in need provides an identifiable public benefit which is directly in line with the Charity's aims. Beneficiaries of almshouses must be in need and will be drawn from that section of the public which has been defined in the Scheme.

The Charity gives 'relief in need' through education grants and grants of domestic items to those who cannot afford them and fall outside the help of the local authority. This year they also gave a significant number or substantial grants to local charities for specific purposes to benefit residents in our area of benefit. All the above are directly identifiable public benefit.

The Charity also maintains Albert Park, a park which is permanently open for use by any member of the public and easily accessible to all levels of mobility. This is also in line with the Charities scheme document.

OBJECTIVES AND ACTIVITIES

Objects

The Objects of Christ's Hospital of Abingdon and its subsidiary charities were created to provide charitable support to residents of the town of Abingdon-on-Thames in Oxfordshire.

The Charity's strategy is to provide funds both for individuals and organisations so as to provide help and relief within the terms of the Schemes. This can only be achieved within the conditions at the time. The primary objective is the provision of almshouse accommodation. Funds are also available for the relief of need and education of residents within the area of benefit.

CHRIST'S HOSPITAL OF ABINGDON
REPORT OF THE GOVERNORS (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2020

The Charity owns Albert Park recreation ground and its surrounding roads, and whilst the Governors fully recognise their responsibility for the maintenance of these, it does provide a major drain on the Charity's resources.

The Charity measures its success in a number of ways. It aims to achieve a 90% occupation rate for almshouses, to maximise the grants paid out and to adhere as closely as possible to its annual budget in all areas. The Charity is very proud of its commitment to keep almshouses as up to date as possible within the confines of their listed building status (see 'The estate').

Grants

To achieve the Charity's objects for the public benefit, the Grants Governor considers all applications made for assistance, whether for educational support or relief in terms laid down in the controlling Schemes, including the area of benefit and the availability or otherwise of specific or general funds.

Students, or their parents, who are both resident within Abingdon and in financial need, may apply to the Charity for support with their education providing they are educated in Abingdon. At present, this means that students attending any of the seventeen schools located in the area of benefit within Abingdon are eligible for educational grants. The schools who have applied for assistance with fees at some point are Our Lady's Abingdon (Registered charity no 1120372) and The Unicorn School (Registered charity no 1070807). Other grants which are provided for assistance with school activities such as educational trips were requested this year from Larkmead, John Mason and Fitzharrys secondary schools and St Nicolas, Thameside, Long Furlong, Carswell, Dunmore, Thomas Reade and St Edmunds Primary Schools. These grants ensure that children from poorer backgrounds do not miss out on educational trips and opportunities for extra tuition. We have received several encouraging reports from parents and the schools regarding the value of this support.

The Charity has also helped individuals with Relief in Need payments for equipment and/or basic necessities such as cookers, a washing machine, furniture and work boots. Provisions to institutions tend to be more substantial and are usually for equipment to help them function or courses for vulnerable adults. Within the last 12 months the charity has helped to fund day trips for young carers and training sessions for vulnerable adults within various projects in Abingdon.

Officials working in areas where such circumstances might arise continue to be reminded of the Charity's availability and policies. We are encouraged by the larger value of requests.

Numbers of grants and values can be found within Note 6.

The estate

The Governors are proud of the Charities' ownership of a number of freehold properties in Abingdon that are of considerable historic and heritage interest. They are mindful of the inalienable nature of these properties and their duty to maintain them. The most important of these properties are shown here with their listing:

Long Alley Almshouses and Hall	1446	Grade I
Brick Alley Almshouses and outbuildings	1718	Grade I
St Helen's Wharf Almshouses	1884	Grade II
St John's Almshouses	1801	Grade II
Tomkins Almshouses & Clock Tower	1733	Grade II *
Twitty's Almshouses	1710	Grade II
Albert Monument (within Albert Park)	1865	Grade II
Conduit House	circa 1500	Grade II
Albert Park		Listed Victorian Park
The Exchequer Room (forming part of the Church of St Helen, Abingdon)		

CHRIST'S HOSPITAL OF ABINGDON
REPORT OF THE GOVERNORS (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2020

Associated with these properties are furniture, fittings, historic artefacts and an extensive archive housed in a climate-controlled building known as the Liversidge or Muniment room, which the Governors view as both historic and inalienable.

ACHIEVEMENTS AND PERFORMANCE AND RECORD OF ACTIVITIES

The Charity has again had a successful year in spite of concerns over Covid 19 and the economic pressure this brings. Income from rent and dividends has been down on expectation, but less significant property expenditure has been undertaken, which evens out any operating loss, so the balanced budget was achieved before investment gains and losses of £81,966 (2019: £224,250), this is applied to the reserves against future expenditure. It was felt again that it was not necessary to undertake fundraising, as the investment portfolio, and modest contributions from residents towards maintenance, continue to cover the planned expenditure.

Residents

Almshouse Administrator is appointed to act in 'good neighbour capacity to the residents, but also be responsible for the organisation of routine maintenance and minor repairs to the almshouses and to take responsibility for dealing with resident health and safety issues.

With the electronic alarm and call system it is felt that the risk to the Charity, and indeed the residents, has been minimised. It remains the policy of the Charity routinely to raise awareness of almshouse vacancies by personal contacts, advertisements, newspaper articles etc and to accommodate the applicant deemed to be most in need at the time of the vacancy.

The estate

The Governors are mindful and indeed proud of the Charity's heritage but the age and listed building status of some of the assets does entail a financial burden. Despite the heavy demand on resources, the Governors follow their primary duty of maintaining the Charity's assets. However, continuing work will always be necessary.

The policy of the Governors remains to ensure that each almshouse, as it falls vacant, is upgraded to the most modern standards ready for reoccupation. As vacancies are unpredictable, the amount of expenditure can differ from that budgeted.

A Quinquennial Inspection was conducted during April 2016 and a report of recommended works was drawn up through to 2020. Each year's recommendations are reviewed thoroughly prior to initiation. The 2021 report will be delayed due to the Covid 19 restrictions on entering property.

Buildings expertise among the Trustees has enabled the Charity to take a more active role in monitoring the condition of our properties and maximising their financial returns.

It must never be forgotten, however, that within the Governors' responsibility of preserving the Charity's assets, there is no room whatsoever for any complacency. The entire theme of this report remains as usual to demonstrate the Governors' concern at the need to husband the Charity's resources to maximum effect, never forgetting the need to fulfil the charitable objectives laid down in our governing documents.

CHRIST'S HOSPITAL OF ABINGDON
REPORT OF THE GOVERNORS (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2020

FINANCIAL REVIEW

2019 was the most recent valuation of all Commercial, Residential Property and Land. This resulted in an increase in value of £355,000 from the previous year. 2020 has seen a change in use of 4 St Helen's Wharf, which transferred from accommodation and became the Charity office in early March 2020. The previous office at 1 Old Station Yard is being advertised to let as part of the commercial investment portfolio and was therefore valued by an independent professional this year (valuation £120,000). A value of £9,480 has been placed on the new office at 4 St Helen's Wharf and will be depreciated over 4 years on a straight-line basis. Professional valuations of investment properties will now take place no less than every 3 years. In the intervening years the Governor in Charge of Property, using his considerable knowledge and experience, will undertake a review of values. From this review the Governors will decide if a formal, professional valuation is then necessary.

All transactions were deemed to be in the normal course of business and the Governors consider the Charity to be a 'going concern'.

Careful and conservative forecasts and budgets for the next year are prepared by the Clerk and Governors in Charge each November and signed off at the December meeting of all Governors. The Charity's Governors (Trustees) feel that it is as well placed as it can be to meet significant refurbishment costs in the future. Net incoming resources before other gains or losses were £81,966 (2019: £224,250).

Investment policy

The management of the Charity's investment portfolio is conducted by professional investment managers under discretionary management powers delegated by the Governors, under broad guidelines set by the Governors. These guidelines have been reviewed during the year and currently require that the managers protect the value of the capital and income of the Charity in real terms over the medium term by seeking a balanced return between income and capital growth, avoiding high risk. At any one time, the portfolios may comprise fixed interest and equity investments within these criteria. Portfolio exposure to equities is limited to 90% of the total fund value. In the avoidance of high risk, the managers are instructed not to involve the Charity in derivatives trading, underwriting or off-market transactions. Where necessary, the allocation of income and capital is apportioned according to the figures at the start of the year.

The Governors continue to monitor administrative costs and fees. The Governors are content that they are continuing to avoid high risks. The Governors reserve the right to exclude companies that carry out activities contrary to their aims or from holding particular investments which might damage the Charity's reputation. This policy is reviewed with the investment company during their annual report to the Governors, usually in the March Governors' meeting.

In order to measure our performance, we review the total fund return against a benchmark fund return of similar risk status.

As reported above a detailed report by the investment managers is delivered in person to a full meeting of the Governors at least annually. The entire area remains under the continuing close scrutiny of the Governors and the Governor responsible for Finance in pursuit of the risk control as outlined above. The portfolio at 31st December 2020 was £15,889,057 (2019: £15,652,884). During 2017 the Governors took the decision to sub-divide the Main Fund into Capital and Income generating sub-sections in order to better leverage the asset to meet the ongoing costs.

Reserves Policy

Christ's Hospital has historically financed its operations through income derived from its endowment investments. More recently it has also received maintenance contributions from almshouse residents. Due to the limited area of benefit, Governors have decided it is not practicable to seek donations or benefactors on a significant level. It must also be noted that, whilst the decision to leave the EU has now been made, the uncertainty over finer detail of trade agreements are still unsettling to the markets.

CHRIST'S HOSPITAL OF ABINGDON
REPORT OF THE GOVERNORS (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2020

As such Governors realise endowment alone is insufficient to provide enough income. It has become necessary to maintain a level of reserves to finance future operations in the long term. They believe that total assets of around £20 million are required under current conditions. It is therefore the intention of Christ's Hospital to try to maintain investment assets at this level. The level will be reviewed as circumstances change.

Total funds held by the Charity at the year-end stood at £23,652,565 (2019: £23,265,730). The Charity's unrestricted funds, excluding designations and unrestricted fixed assets, stood at £8,750,405 (2019: £8,452,311) at the year-end. If the market value of listed investments that are held to generate income to support the Charity's activities is excluded from the above sum, the remaining free reserves are £891,459 (2019: £812,439).

Free reserves are held for the following reasons:

- a) *There is a significant cost to maintaining Listed buildings of which the charity has 8 sets (noted under 'estates') plus a Listed Victorian park (Albert Park). Whilst investment monies are put aside in restricted funds for upkeep of the Almshouses and emergency use, it is unknown when an emergency may occur and whether it will be covered by available designated funds. Repairs to ageing Listed buildings are increasingly complex and costly.*
- b) *It is anticipated that the Conservation area already in existence around Albert Park may be expanded. This may bring additional expense and the need for specialist contractors' expertise as the Charity strives to maintain, to a higher standard, the newly designated dwellings which it owns in the surrounding area.*
- c) *Considerations are to be made shortly as to the future of certain leasehold properties which revert to Christ's Hospital control in 2037. There may be significant investment needed to bring them to an acceptable modern standard.*
- d) *The charity like to have the capacity to spend on grants over and above the budgeted level, whilst still maintaining the ratio for allocation of expenditure required by the Charity Scheme i.e expenditure on grants cannot currently be greater than that on almshouses.*

The Governor in Charge of Finance has recognised the level of free reserves is increasing and the strategy for use of this were due to be discussed during 2020, however, the meeting for this was postponed due to Covid restrictions and should now take place in the forthcoming year.

FUNDS

In addition to the unrestricted funds, which represent accumulated income available to the Governors for such purposes as they may decide, the funds controlled by the Governors fall into a number of classes:

Permanent endowment funds

These funds represent assets which are permanent capital held by the Governors. The property within these funds comprises:

- Freehold land and buildings held for the Charities' own use.
- Freehold land and buildings held for charitable purposes, including almshouses and Albert Park
- Investments in listed securities and real estate.

Two further funds have been created by orders of the Charity Commissioners made on 21 August and 13 December 1984 to recoup endowment monies spent on the Albert Park service area and in connection with Mullard (Abingdon) Housing Trust respectively.

CHRIST'S HOSPITAL OF ABINGDON
REPORT OF THE GOVERNORS (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2020

Designated fund

Extraordinary Repair Fund - This fund has been set up by the Governors in response to the Almshouse Association's guidance to have a fund for each group of almshouses to provide for the cost of extraordinary repairs, improvements or building of the Charity's Almshouses. The designated fund balance at the year- end was £535,139 (2019: £509,372) per Note 14.

Restricted funds

These funds represent income and other assets which may be applied only for specified purposes. These amount to £1,468,150 (2019: £1,386,200) per Note 15.

The Charity of John Blacknall Church branch

Income payable to the incumbent and churchwardens of the Parish of St Nicolas applicable to the maintenance of the Church of St Nicolas, Abingdon;

The Charity of Richard Wigglesworth Education branch

Funds available to assist with the education of individuals under the age of 25 by way of exhibition, grant or towards preparing them for entry into a trade;

Almshouse branches

Funds for the provision and maintenance of almshouses and their residents;

Relief in Need branches

Funds available to support people in conditions of need, hardship or distress either individually or generally;

Extraordinary repair funds

Funds created in response to orders of the Charity Commissioners to provide for the cost of extraordinary repairs, improvements or building of the Charities' almshouses and other property;

PLANS FOR THE FUTURE

The Governors will continue to comply with the requirements of the Charity's Scheme to provide almshouse accommodation, relief in need, educational support and the provision and maintenance of Albert Park.

The Governors remain committed to their policies of maintaining the Charity's assets and particularly the historic nature of many of the buildings. In refurbishing the almshouses to modern standards, consideration is being given to the increased expectations of potential residents.

The Charity is committed to maintaining Albert Park in its current, well-maintained condition, although vandalism seems to be an ongoing problem.

The Charity has supported people in the area of benefit for 467 years and it is the Governors' firm intention that this should be continued for the foreseeable future. They are taking active measures to ensure that the relevant local people are aware of the help Christ's Hospital can offer and that the size of grants offered has increased where appropriate and justified.

When appointing new Governors, care is taken to seek a candidate with the particular skills judged to be required by the Charity at that time. This will ensure that, as successive Governors are appointed in future years, they may in their turn successfully maintain the Charity for the public benefit.

**CHRIST'S HOSPITAL OF ABINGDON
REPORT OF THE GOVERNORS (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2020**

The Governors are committed to the objective of providing charitable support to residents of the town of Abingdon on Thames in Oxfordshire for an indefinite period. Fundamental to the achievement of this objective is the maintenance of an effective system of corporate governance. This is concerned with the direction and control of the organisation and, in particular, with the role of Governors and the need to ensure an effective framework of accountability and risk management.

This report was approved by the Governors on 1st APRIL 2021 and signed on their behalf by:

Mr L D King - Master

CHRIST'S HOSPITAL OF ABINGDON
STATEMENT OF GOVERNORS RESPONSIBILITIES
FOR THE YEAR ENDED 31 DECEMBER 2020

The Trustees are responsible for preparing the Governors' Report and the financial statements in accordance with applicable law and United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards).

The law applicable to charities in England and Wales requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The Trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charity's transactions, disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charities (Accounts and Reports) Regulations 2008 and the provisions of the Charity's constitution. They are also responsible for safeguarding the assets of the Charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

INDEPENDENT AUDITOR'S REPORT TO THE GOVERNORS OF CHRIST'S HOSPITAL OF ABINGDON

Opinion

We have audited the financial statements of Christ's Hospital of Abingdon for the year ended 31 December 2020 which comprise the Statement of Financial Activities, the Balance Sheet, the Cash Flow Statement and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 31 December 2020 and of its incoming resources and application of resources, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Governor's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

INDEPENDENT AUDITOR'S REPORT TO THE GOVERNORS OF CHRIST'S HOSPITAL OF ABINGDON

Other information

The Governors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Charities (Accounts and Reports) Regulations 2008 requires us to report to you if, in our opinion:

We have nothing to report in respect of the following matters in relation to which the Charities act requires us to report to you if, in our opinion:

- the information given in the financial statements is inconsistent in any material respect with the trustees' report; or
- adequate and proper accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of Governors

As explained more fully in the Governors' responsibilities statement set out on page 11, the Governors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Governors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Governors are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Governors either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

INDEPENDENT AUDITOR'S REPORT TO THE GOVERNORS OF CHRIST'S HOSPITAL OF ABINGDON

Auditor's responsibilities for the audit of the financial statements

We have been appointed as auditor under section 151 of the Charities Act 2011 and report in accordance with the Act and relevant regulations made or having effect thereunder.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Details of the extent to which the audit was considered capable of detecting irregularities, including fraud and non-compliance with laws and regulations, are set out below.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We identified and assessed the risks of material misstatement of the financial statements from irregularities, whether due to fraud or error, and discussed these between our audit team members. We then designed and performed audit procedures responsive to those risks, including obtaining audit evidence sufficient and appropriate to provide a basis for our opinion.

We obtained an understanding of the legal and regulatory frameworks within which the Charity operates, focusing on those laws and regulations that have a direct effect on the determination of material amounts and disclosures in the financial statements. The laws and regulations we considered in this context for the UK operations were the Charities Act 2011, together with the Charities SORP (FRS102) 2019. We assessed the required compliance with these laws and regulations as part of our audit procedures on the related financial statements.

In addition, we considered provisions of other laws and regulations that do not have a direct effect on the financial statements but compliance with which might be fundamental to the charity's ability to operate or to avoid a material penalty. We also considered the opportunities and incentives that may exist within the Charity for fraud. Auditing standards limit the required audit procedures to identify non-compliance with these laws and regulations to enquiry of the Trustees and other management and inspection of regulatory and legal correspondence, if any.

We identified the greatest risk of material impact on the financial statements from irregularities, including fraud, to be within the diversion of funds from the investment portfolio, completeness of other income and the override of controls by management. Our audit procedures to respond to these risks included enquiries of management, and the Finance Governor about their own identification and assessment of the risks of irregularities, sample testing on the posting of journals, reviewing accounting estimates for biases, confirming the dis-investment procedures with Investec and reading minutes of meetings of those charged with governance.

INDEPENDENT AUDITOR'S REPORT TO THE GOVERNORS OF CHRIST'S HOSPITAL OF ABINGDON

Owing to the inherent limitations of an audit, there is an unavoidable risk that we may not have detected some material misstatements in the financial statements, even though we have properly planned and performed our audit in accordance with auditing standards. For example, the further removed non-compliance with laws and regulations (irregularities) is from the events and transactions reflected in the financial statements, the less likely the inherently limited procedures required by auditing standards would identify it. In addition, as with any audit, there remained a higher risk of non-detection of irregularities, as these may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. We are not responsible for preventing non-compliance and cannot be expected to detect non-compliance with all laws and regulations.

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with Part 4 of the Charities (Accounts and Reports) Regulations 2008. Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's trustees as a body, for our audit work, for this report, or for the opinions we have formed.

[This report has not yet been signed]

CHRIST'S HOSPITAL OF ABINGDON
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2020

1. ACCOUNTING POLICIES

a) Accounting convention

The accounts (financial statements) have been prepared in accordance with the *Accounting and Reporting by Charities: Statement of Recommended Practice (SORP)* in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) issued on 16 July 2014 and the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS102) and the *Charities Act 2011* and UK Generally Accepted Practice as it applies from 1 January 2015.

The accounts (financial statements) have been prepared to give a true and fair view and have departed from the *Charities (Accounts and Reports) Regulations 2008* only to the extent required to provide a true and fair view. This departure has involved following *Accounting and Reporting by Charities*, preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) issued on 16 July 2014 rather than the *Accounting and Reporting by Charities: Statement of Recommended Practice* effective from 1 April 2005, which has since been withdrawn.

Christ's Hospital of Abingdon meets the definition of a public benefit entity under FRS102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy note(s).

Christ's Hospital of Abingdon is a charity registered in the UK (charity number 205112) with its registered office at 4 St Helens Wharf, Wharf Road, Abingdon, Oxfordshire, OX14 5EN

b) Going Concern

The Governors consider that there are sufficient reserves held at the year-end to manage any foreseeable downturn in the UK and global economy. The Governors consider that there is a reasonable expectation that the Charity has adequate resources to continue in operational existence for the foreseeable future and for this reason the Governors continue to adopt the 'going concern' basis in preparing the accounts.

c) Income

Dividends and rents are accounted for in the year to which they relate.

Legacies and voluntary income are accounted for in the year in which they are received.

d) Expenditure

Grants awarded by the Governors are recognised in the statement of financial activities in the period that they are made to the extent that a legal or constructive obligation exists.

Almshouses and Almspeople costs are accounted for on an accruals basis in the year to which they relate.

Pension costs charged in the SOFA represent contributions payable by the charity in that year.

Included within charitable activities are governance costs, which comprise the costs of running the Charity, including strategic planning for its future development, also internal and external audit, any legal advice for the Charity and all the costs of complying with constitutional and statutory requirements.

Support costs are allocated on the basis of time spent (15% Grants Payable, 75% Provision of Almshouses, and 10% Albert Park Maintenance).

CHRIST'S HOSPITAL OF ABINGDON
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2020

1. ACCOUNTING POLICIES (CONTINUED)

e) Grant making

The charity's grant-making process is informed by the best practices of peer organisations, and the Charity Commission's guidelines and recommendations.

Grants payable are payments made to third parties in the furtherance of the charitable objects of the charity. In the case of an unconditional grant offer this is accrued once the recipient has been notified of the grant award. The notification gives the recipient a reasonable expectation that they will receive the one-year or multi-year grant.

Grants awards that are subject to the recipient fulfilling performance conditions are only accrued when the recipient has been notified of the grant and any remaining unfulfilled condition attaching to that grant is outside of the control of the Trust.

f) Freehold land and buildings

Freehold land and buildings held for the Charity's use are included on the balance sheet at cost. The buildings are depreciated over 50 years on a straight line basis. The costs associated with converting the current head office are depreciated over 4 years on a straight line basis.

The Charity owns certain fixed assets which are historic, inalienable and form part of the permanent endowment, the more important of which are listed in the Report of the Governors. No reliable cost information is available for these assets and their heritage nature means conventional valuation procedures would be unreliable. The Governors have no intention to dispose of these assets in the foreseeable future.

g) Other tangible fixed assets

Furniture and equipment are capitalised when considered appropriate and depreciation is calculated to write off the cost over the expected useful lives of the assets concerned. A de-minimus capitalisation limit of £1,000 is applied. The following rates and bases have been used:

Office furniture, fixtures and fittings	20% straight line basis
Office equipment	25% straight line basis
Park equipment	25% straight line basis

h) Fixed asset investment properties

Investment properties are included in the balance sheet at fair value. The properties are independently valued by a third party at least every three years. Realised gains and losses on investment properties are included in the Statement of Financial Activities.

i) Fixed asset investments

Realised gains and losses on investments are calculated as the difference between sales proceeds and their opening carrying value or their purchase value if acquired subsequent to the first day of the financial year. Unrealised gains and losses are calculated as the difference between the fair value at the year end and their carrying value.

Realised gains and losses on investments are included in the Statement of Financial Activities.

Investment income is recognised in the financial statements on an accruals basis when the charity becomes legally entitled to it. Investment income not directly attributable to a specific fund is apportioned to the various funds based on their opening balance position.

j) Cash at bank and in hand

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of 3 months or less from the date of acquisition or opening of the deposit or similar account.

CHRIST'S HOSPITAL OF ABINGDON
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2020

1. ACCOUNTING POLICIES (CONTINUED)

k) Debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

l) Creditors and Provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

m) Financial instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

n) Leases

In respect of operating leases for which the charity is the lessor, the charity classifies the leasing of the investment properties as an operating lease. The rents received from investment properties are recognised in the financial statements for the period they relate to.

In respect of operating leases for which the charity is the lessee, rentals are charged to the Statement of Financial Activities on a straight line basis over the lease term.

o) Funds

Unrestricted funds

General unrestricted funds represent funds which are expendable at the discretion of the Trustees in furtherance of the objects of the charity.

Designated funds

Designated funds are amounts which have been put aside at the discretion of the Governors for specific purposes. Such purposes are within the overall aims of the organisation.

Restricted Funds

Restricted funds are those which must be applied in accordance with the purpose specified by the donor. Expenditure relating to these purposes is charged directly to the fund.

Endowment Funds

Endowment funds consist of investments. The purpose to which that investment may be applied is restricted in accordance with the terms of the endowment trust.

p) Critical accounting judgements and key sources of estimation uncertainty

Trustees are required to make judgements, estimates and assumptions about the carrying value of assets and liabilities that are not readily apparent from other sources. The estimates and underlying assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The key sources of estimation uncertainty that has a significant effect on the amounts recognised in the financial statements is in respect of the investment property valuation. The charity's investment properties are stated at their estimated fair value as disclosed in Note 8.

CHRIST'S HOSPITAL OF ABINGDON
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2020

5. STAFF COSTS AND NUMBERS

Staff costs were as follows:-

	2020 £	2019 £
Salaries and wages	125,119	115,688
Social security costs	8,151	8,025
Pension contributions	<u>4,599</u>	<u>4,068</u>
	<u><u>137,869</u></u>	<u><u>127,781</u></u>

No employees earned in excess of £60,000 (2019 – £60,000).

The key management personnel of the charity comprise the Governors and the Clerk to the Governors. The total employee benefits of the key management personnel including employers NI and employers pension of the charity were £51,529 (2019: £50,012). None of the Governors received any remuneration in the current or preceding year.

During the year 1 (2019: nil) Governor was reimbursed expenses of £359 after making purchases on behalf of the Almshouses.

During the year 1 Governor (2019: nil) was provided with a UBS Camera and Microphone for £50 to assist with online Governor meetings.

The average monthly number of employees was as follows:-

	No.	No.
Almshouses and Almspeople (1 full-time)	1	2
Albert Park (1 full-time)	1	1
Management and administration (2 full-time, 1 part-time)	<u>3</u>	<u>3</u>
	<u><u>5</u></u>	<u><u>6</u></u>

The charity contributes to the personal pension schemes for certain of its employees. The pension charge represents the amounts payable by the charity to the funds in respect of the year. £nil amounts were outstanding at the year end (2019: £Nil).

There were no redundancy payments made in the year (2019: none).

	<u>3,335,000</u>	<u>2,790,000</u>	<u>210,000</u>	<u>6,335,000</u>

The charity earns rental income by leasing its properties to tenants under non-cancellable operating leases. Leases in which substantially all risks and rewards of ownership are retained by another party, the lessor, are classified as operating leases. Payments, including prepayments, made under operating leases (net of any incentives received from the lessor) are charged to the income statement on a straight-line basis over the period of the lease.

At the balance sheet date, the charity had contracted with tenants to receive the following future minimum lease payments:

	2020	2019
	£	£
Not later than one year	203,400	202,527
Later than one year and not later than five years	396,335	318,887
Later than five years	<u>71,079</u>	<u>108,784</u>
	<u>670,814</u>	<u>630,198</u>

There are no contingent rents recognised as income.

The entity's income, expense, gains and losses in respect of financial instruments are summarised below:

	2020 £	2019 £
Total dividend and interest income for basic financial assets	381,940	518,402
Total gains in respect of basic financial assets	221,295	2,258,937
Total gains in respect of financial assets measured at fair value	83,570	355,000

13. RELATED PARTIES

Two Governors (Mr K W Senior and Mr T R Ayling) are trustees of the Albert Memorial (Abingdon) Charity (Registered Charity no. 1076274) to whom the Charity paid £800 (2019: £800) during the year to help with the maintenance of the memorial in Albert Park, Abingdon.

Four Governors (Cllr Mrs H Pighills, Mayor Mr C Birks, Cllr Mrs C Briggs and Cllr Mrs M Crick) are members of the Abingdon Town Council which granted the Charity £4,100 (2019: £4,100) during the year towards the upkeep of Albert Park.

One Governor (Mr L King) is the Treasurer of The Abingdon Bridge (Registered Charity no. 1160080) which offers young people advice and counselling. During the year the Charity granted £27,090 (2019: £12,120) towards supporting their services to the people of Abingdon.

One Governor (Mayor Cllr Mr C Birks) being the Mayor organised an Over 70's Christmas party which the Charity contributed £Nil (2019: £400) towards.

Extraordinary Repair Fund

This fund has been set up by the Governors in response of the Almshouse Association's guidance to have a fund for each Almshouse to provide for the cost of extraordinary repairs, improvements or building of the charities' Almshouses.

Transfers

The transfer from General Fund to Extraordinary Repair Fund is made in accordance with the recommendations of the Almshouse Association.

The transfer from General Funds to the Endowment Recoupment Funds is in accordance with the Recoupment Orders.

Capital Recoupment Funds were set up in accordance with the Charity Commission Recoupment orders August 1984 and December 1984 to recoup the permanent endowment. The other Funds are permanent Endowment funds held in accordance with the restriction and used to generate restricted funds for the charity.

Transfers

Capital Recoupment Order 'A' sealed on the 13th December 1984 in the sum of £215,000 for 'land and buildings', repayment being £1,039.46 per annum for 53 years from the date of the Order.

Capital Recoupment Order 'B' sealed on the 21st August 1984 in the sum of £65,000 for 'provision of a service area in Albert Park', repayment being £0.55% per annum of the sum expended for 50 years from the date of the Order.

For both Orders the Trustees shall permit the dividends accruing to be invested thereon by way of accumulation until twelve months after the last payment.
